

FORCE GREASE LITHIUM MP

DESCRIPTION

FORCE GREASE LITHIUM MP are extended service lithium greases intended for a wide variety of heavy duty applications and operations. These greases were designed to outperform conventional products by applying high performance proprietary lithium complex manufacturing technology. They are formulated to provide excellent high temperature performance with excellent adhesion, structural stability and resistance to water contamination.

APPLICATION

FORCE GREASE LITHIUM MP is recommended for use in felt roll bearings, wet end bearings, and press section bearings. It is also a good multi-purpose greases for general mill applications and industrial and marine applications, chassis components and farm equipment.

TYPICAL RESULT

Items	Unit	Test Method	Result
NLGI Grade	-	-	3
Texture	-	-	Smooth
Colour	-	-	Green
Soap Type	-	-	Lithium Based
Penetration @25°C, Worked (60 st)	Mm/10	ASTM D 217	273
Dropping Point	°C	ASTM D 2265	195
Copper Strip Corrosion, 24hrs @100°C	-	ASTM D 4048	1b
